

Partnership Brings the Power of

# PlanetPress Suite 6 to OMD

**Streamline your business and increase sales by becoming your own best reference.**

Eliminate pre-printed forms and impact printers, realize significant cost savings and improve document workflow for your transactional documents.

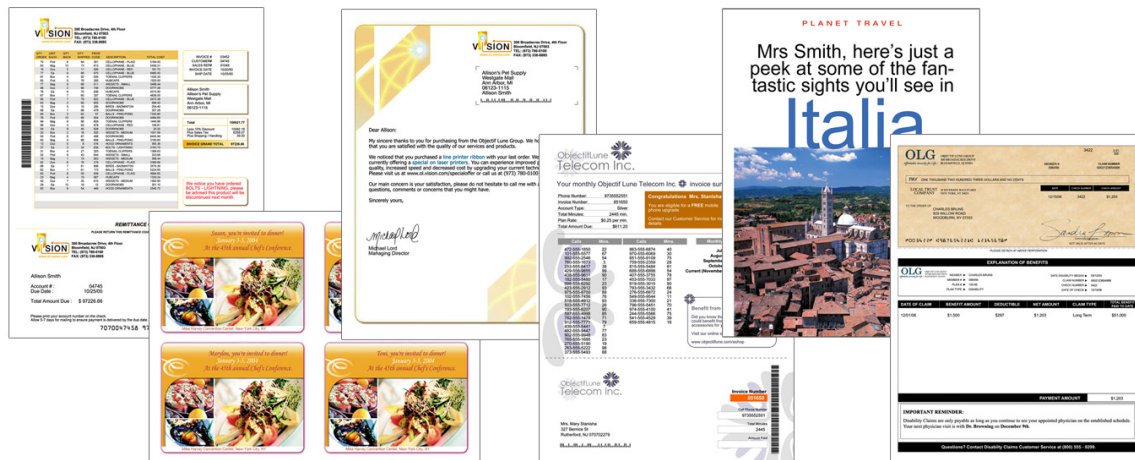

The PlanetPress Suite is available from OMD as an integrated solution enabling you to print your transactional documents, such as invoices, on the printers you sell and customize those documents in any way that you like.

PlanetPress is OMD's e-forms solution for the printing of your transactional documents such as invoices and proposals.

Choose to add other products from the PlanetPress Suite to gain the ability to print remotely, email, fax, and archive your transactional documents.
